

GOURMET PICNIC MENU

Our handcrafted Gourmet Picnics are a true delicacy to be enjoyed while celebrating a special moment with your loved one, family or friends. As everyone has varying tastes, we have created our menu to be fully customisable so you can design your picnic according to your own liking. We offer a wide variety of choices while focusing on the finest quality ingredients for each component of the picnic.

We deliver the food to your location ready to devour on a wooden grazing board. We're a registered food business and prepare the food at our base in accordance with all food handling and COVID-19 guidelines. The platter is then sealed inside a catering box to provide peace of mind that your food hasn't been tampered with while travelling or waiting for you at the picnic spot.

Once you arrive, you then open the box and remove the grazing board. We also provide quality grazing utensils along with complimentary beverages being your choice of beer, wine, cider or non alcoholic drinks. Beverages are served on ice with premium glassware matched to each beverage. You can also choose between still or sparkling water.
