- Easier to operate, easier to wind, easier on the eye
- 12 year Pro Rata warranty*

SWIM LONGER IN A WARMER POOL

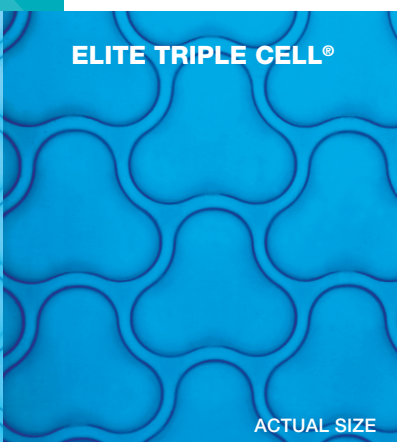

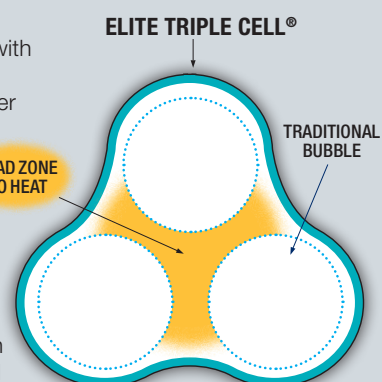

With Elite Triple Cell® your pool stays warmer overnight and that's great news for all the family!

THE ULTRA NEW TRIPLE CELL[®] SOLAR POOL BLANKET MAKES OTHERS OBSOLETE

Elite Triple Cell[®] has evolved over a '25 year' span and it has now become a reality... thanks to Elite's vision and foresight in the continuous development and delivery of the world's best performing pool cover available today.

- Elite Triple Cell[®] is the first purposed designed and manufactured pool blanket... It breaks away from the traditional 'bubble wrap' style and its problems. Elite Triple Cell[®] is a world's first' and it's only available from Elite!
- **ELITE TRIPLE CELL[®] GOES 'SOLAR'**
Triple Cell[®] is a solar cell that acts as a collector of energy. This energy is transformed to heat the water better.
- Elite Triple Cell[®] provides better all round insulating performance due to its greater still "air zone". Its unique cell design also offers more protection from chlorine attack and harmful UV rays.
- **ELITE TRIPLE CELL[®] IS THICKER... UP TO 60% THICKER ON THE BASE**
The manufacturing process of Triple Cell[®] ensures a more uniform thickness at the side, top and base of the cell... Unlike bubble, where the thickness can be inconsistent with less life expectancy. Elite Triple Cell[®] will have a long happy life.
- Elite Triple Cell[®] lays flatter on the pool surface and rolls up easier over header courses plus automatic cleaners work better.
- Elite Saltsafe[®] & Chlorsafe[®] technology is incorporated in the ultra new Elite Triple Cell[®] Solar Thermal Pool Blanket.

A LONGER LIFE & BETTER PERFORMANCE HERE'S WHY...

 <p>TRADITIONAL BUBBLE</p> <p>ACTUAL SIZE</p>	 <p>ELITE TRIPLE CELL[®]</p> <p>ACTUAL SIZE</p>	<ul style="list-style-type: none">• 1 Elite Triple Cell[®] is = 3 standard round bubbles. The more contact with the water = better heating, better insulation and the pool stays warmer for longer...that's Elite Triple Cell[®]• With Traditional Bubble, performance is reduced due to the shaped "dead zone" between the bubbles not being in contact with the water• Elite is proud to lead the world in pool blanket technology, made in Australia and exported to the world 
<p>ULTRA HEAT DEEP COLOURS ARE PROVEN TO HEAT BETTER</p>
